

I-601 Forms Pending With Overseas Offices as of Dec. 31, 2011

The chart below shows overseas completion data for Form I-601, Application for Waiver of Grounds of Inadmissibility, for December 2011.

Processing time encompasses the period starting the date U.S. Citizenship and Immigration Services (USCIS) received the application and ending the date USCIS notified the applicant of the decision. For applications filed overseas with the Department of State where USCIS does not have a presence, reported processing time does not include time taken to transfer the application from the Department of State to USCIS.

Note that the times reflected below show processing times only for completed cases. Thus if you see that 90% of completed cases were finished within 3 months, it means that, of all the cases completed, 90% were finished within 3 months of receipt. Cases pending may have been pending longer than 3 months.

The chart also includes the total number of Forms I-601 filed overseas that were pending as of Dec. 31, 2011, and the total number of cases received and completed during December 2011.
