Administrative Appeals Office

DISCUSSION: The employment-based preference visa petition was denied by the Director, Texas Service Center, and is now before the Associate Commissioner on appeal. The decision of the director will be withdrawn, the appeal will be sustained and the petition will be approved.

The petitioner is a tree removal company. It seeks to employ the beneficiary permanently in the United States as a supervisor of felling trees. As required by statute, the petition is accompanied by an individual labor certification approved by the Department of Labor. The director determined that the petitioner had not established that the beneficiary had the requisite experience as of the petition's filing date.

On appeal, the petitioner submits additional documentation.

Section 203(b)(3) of the Immigration and Nationality Act (the Act), 8 U.S.C. 1153(b)(3), provides for the granting of preference classification to qualified immigrants who are capable, at the time of petitioning for classification under this paragraph, of performing skilled or unskilled labor, not of a temporary or seasonal nature, for which qualified workers are not available in the United States.

8 C.F.R. 204.5(1)(3) states, in pertinent part:

(ii) *Other documentation* -- (A) *General.* Any requirements of training or experience for skilled workers, professionals, or other workers must be supported by letters from trainers or employers giving the name, address, and title of the trainer or employer, and a description of the training received or the experience of the alien.

(B) *Skilled workers.* If the petition is for a skilled worker, the petition must be accompanied by evidence that the alien meets the educational, training or experience, and any other requirements of the individual labor certification, meets the requirements for Schedule A designation, or meets the requirements for the Labor Market Information Pilot Program occupational designation. The minimum requirements for this classification are at least two years of training or experience.

The Application for Alien Employment Certification (Form ETA 750), indicates that the minimum requirement to perform the job duties of the proffered position of supervisor of felling trees is four years of experience in the job offered.

The director determined that the petitioner had not shown that the beneficiary possessed the requisite experience in the job offered.

On appeal, the petitioner submits an employment letter from Gary Gould, Public Works Director, the Town of Berwick, Berwick, Nova Scotia, which affirms that the beneficiary had the requisite experience as a supervisor of felling trees. Therefore, the petitioner has overcome the objections of the director, and the petition may be approved.

The burden of proof in these proceedings rests solely with the petitioner. Section 291 of the Act, 8 U.S.C. 1361. The petitioner has sustained that burden.

ORDER: The appeal is sustained.
