Administrative Appeals Office

DISCUSSION: The employment-based preference visa petition was denied by the Director, California Service Center, and is now before the Associate Commissioner on appeal. The appeal will be sustained.

The petitioner is an electro plating company. It seeks to employ the beneficiary permanently in the United States as a plater. As required by statute, the petition is accompanied by an individual labor certification approved by the Department of Labor. The director determined that the petitioner had not established that the beneficiary had the requisite experience as of the petition's filing date.

On appeal, counsel submits additional evidence.

The issue to be considered in this proceeding is that to be eligible for approval, a beneficiary must have all the training, education, and experience specified on the labor certification as of the petition's filing date. Matter of Wing's Tea House, supra. Here, the petition's priority date is April 8, 1997.

The Application for Alien Employment Certification (Form ETA 750) indicated that in order to perform the duties of the position, the beneficiary must possess two years of experience in the job offered.

The director determined that the petitioner had not shown that the beneficiary possessed the requisite experience in the job offered.

On appeal, counsel submits pay stubs from Universal Aluminum Castings, Inc. and Paragon Metallurgical Products Inc., and employment affidavits from [REDACTED] and [REDACTED] which establish that the beneficiary worked as a plater for over three years and has therefore overcome the decision of the director.

The burden of proof in these proceedings rests solely with the petitioner. Section 291 of the Act, 8 U.S.C. 1361. The petitioner has sustained that burden.

ORDER: The appeal is sustained.
