FOR THE ASSOCIATE COMMISSIONER,
EXAMINATIONS

Robert P. Wiemann, Acting Director
Administrative Appeals Office

DISCUSSION: The nonimmigrant visa petition was denied by the director and is now before the Associate Commissioner for Examinations on appeal. The appeal will be dismissed.

The petitioner is a facility for handicapped children with three employees and an asserted gross annual income of \$178,000. It seeks to employ the beneficiary as a physical therapist for a period of three years. The director denied the petition because the petitioner had not provided an evaluation of the beneficiary's foreign education and the beneficiary's license to practice physical therapy in California.

On appeal, the petitioner has provided the requested evaluation but not the license to practice physical therapy.

Section 101(a)(15)(H)(i)(b) of the Immigration and Nationality Act (the Act), 8 U.S.C. 1101(a)(15)(H)(i)(b), provides in part for nonimmigrant classification to qualified aliens who are coming temporarily to the United States to perform services in a specialty occupation. Section 214(i)(1) of the Act, 8 U.S.C. 1184(i)(1), defines a "specialty occupation" as an occupation that requires theoretical and practical application of a body of highly specialized knowledge, and attainment of a bachelor's or higher degree in the specific specialty (or its equivalent) as a minimum for entry into the occupation in the United States.

Pursuant to section 214(i)(2) of the Act, 8 U.S.C. 1184(i)(2), to qualify as an alien coming to perform services in a specialty occupation the beneficiary must hold full state licensure to practice in the occupation, if such licensure is required to practice in the occupation. In addition, the beneficiary must have completed the degree required for the occupation, or have experience in the specialty equivalent to the completion of such degree and recognition of expertise in the specialty through progressively responsible positions relating to the specialty.

Pursuant to 8 C.F.R. 214.2(h)(v)(A):

If an occupation requires a state or local license for an individual to fully perform the duties of the occupation, an alien ... seeking H classification in that occupation must have that license prior to approval of the petition to be found qualified to enter the United States and immediately engage in employment in the occupation.

Furthermore, in Matter of St. Joseph's Hospital, 14 I&N Dec. 202 (Reg. Comm. 1972), the regional commissioner found that, in these proceedings, it must be established that the alien will be able to engage in his profession immediately in the United States.

The petitioner has not provided the beneficiary's license to practice physical therapy in California. In the alternative, the petitioner has not established that the beneficiary will be able to fully practice physical therapy in California without a license. In view of the foregoing, it is concluded that the petition may not be approved.

The burden of proof in these proceedings rests solely with the petitioner. Section 291 of the Act, 8 U.S.C. 1361. The petitioner has not sustained that burden. Accordingly, the decision of the director will not be disturbed.

ORDER: The appeal is dismissed.
