FOR THE ASSOCIATE COMMISSIONER,
EXAMINATIONS

Robert P. Wiemann, Acting Director
Administrative Appeals Office

DISCUSSION: The nonimmigrant visa petition was denied by the Director, Nebraska Service Center, and is now before the Associate Commissioner, Examinations, on appeal. The appeal will be dismissed.

The petitioner is a dental office employing five persons. It seeks to employ the beneficiary as a "dental services-administrative coordinator" for a period of three years. The director determined the petitioner had not established that the offered position is a specialty occupation or that the beneficiary qualifies to perform services in a specialty occupation.

On appeal, counsel argues that the offered position is a specialty occupation and the beneficiary is qualified to perform the duties of a specialty occupation. Counsel states the dental degree or "Doctors Degree in Dentistry" is the normal requirement for the position.

Section 101(a)(15)(H)(i)(b) of the Immigration and Nationality Act (the Act), 8 U.S.C. 1101(a)(15)(H)(i)(b), provides in part for nonimmigrant classification to qualified aliens who are coming temporarily to the United States to perform services in a specialty occupation. Section 214(i)(1) of the Act, 8 U.S.C. 1184(i)(1), defines a "specialty occupation" as an occupation that requires theoretical and practical application of a body of highly specialized knowledge, and attainment of a bachelor's or higher degree in the specific specialty (or its equivalent) as a minimum for entry into the occupation in the United States.

Pursuant to section 214(i)(2) of the Act, 8 U.S.C. 1184(i)(2), to qualify as an alien coming to perform services in a specialty occupation the beneficiary must hold full state licensure to practice in the occupation, if such licensure is required to practice in the occupation. In addition, the beneficiary must have completed the degree required for the occupation, or have experience in the specialty equivalent to the completion of such degree and recognition of expertise in the specialty through progressively responsible positions relating to the specialty.

Pursuant to 8 C.F.R. 214.2(h)(4)(iii)(B), the petitioner shall submit the following with an H-1B petition involving a specialty occupation:

1. A certification from the Secretary of Labor that the petitioner has filed a labor condition application with the Secretary,
2. A statement that it will comply with the terms of the labor condition application for the duration of the alien's authorized period of stay, and

3. Evidence that the alien qualifies to perform services in the specialty occupation.

The petitioner has provided a certified labor condition application and a statement that it will comply with the terms of the labor condition application.

Pursuant to 8 C.F.R. 214.2(h)(4)(iii)(C), to qualify to perform services in a specialty occupation, the alien must meet one of the following criteria:

1. Hold a United States baccalaureate or higher degree required by the specialty occupation from an accredited college or university;
2. Hold a foreign degree determined to be equivalent to a United States baccalaureate or higher degree required by the specialty occupation from an accredited college or university;
3. Hold an unrestricted State license, registration, or certification which authorizes him or her to fully practice the specialty occupation and be immediately engaged in that specialty in the state of intended employment; or
4. Have education, specialized training, and/or progressively responsible experience that is equivalent to completion of a United States baccalaureate or higher degree in the specialty occupation and have recognition of expertise in the specialty through progressively responsible positions directly related to the specialty.

The beneficiary attained a Doctor of Dental Medicine degree in 1991 from [REDACTED] College through its College of Dentistry in the [REDACTED]. It is concluded, assuming proper licensure, the beneficiary is qualified to perform the duties of a specialty occupation in the field of dentistry.

The term "specialty occupation" is defined at 8 C.F.R. 214.2(h)(4)(ii) as:

an occupation which requires theoretical and practical application of a body of highly specialized knowledge in fields of human endeavor including, but not limited to, architecture, engineering, mathematics, physical sciences, social sciences, medicine and health, education, business specialties, accounting, law, theology, and the arts, and which requires the attainment of a bachelor's degree or higher in a specific specialty,

or its equivalent, as a minimum for entry into the occupation in the United States.

Pursuant to 8 C.F.R. 214.2(h) (4) (iii) (A), to qualify as a specialty occupation, the position must meet one of the following criteria:

1. A baccalaureate or higher degree or its equivalent is normally the minimum requirement for entry into the particular position;
2. The degree requirement is common to the industry in parallel positions among similar organizations or, in the alternative, an employer may show that its particular position is so complex or unique that it can be performed only by an individual with a degree;
3. The employer normally requires a degree or its equivalent for the position; or
4. The nature of the specific duties is so specialized and complex that knowledge required to perform the duties is usually associated with the attainment of a baccalaureate or higher degree.

The duties of the offered position were listed as:

Coordinate with doctor to generate new services ideas and to help develop long-term plans and strategies for practice.

Plan and monitor marketing activities.

Evaluate performance against goals and suggest improvements where required.

Stay up to date on overall industry trends.

Review and evaluate published medical/dental literature applicable to dental services and discuss with doctor for purpose of staff in-house continuing education.

Keep abreast of patient requirements and determine the appropriate fulfillment skills for internal staff.

Oversee administrative operations of general accounting, billing and general office functions, assuming full responsibility for cost effectiveness, productivity and accuracy.

Direct preparation of and approval for capital, expenses and operating budgets.

The petitioner has failed to establish that any of the four factors enumerated above are present in this proceeding. The petitioner has not shown that it has, in the past, required the services of individuals with baccalaureate or higher degrees in a specialized area for the offered position. In addition, the petitioner has not shown that similar firms require the services of such individuals in parallel positions.

In these proceedings, the duties of the position are dispositive and not the job title. The offered position combines the duties of a general manager or executive with those of a marketing manager. The Handbook, 2000-2001 edition, at pages 50-51 finds no requirement of a baccalaureate or higher degree in a specialized area for employment as a general manager or executive. Degrees in business and in liberal arts fields appear equally welcome. In addition, certain personal qualities and participation in company training programs are often considered as important as a specific formal academic background.

The Handbook at pages 25-26 also finds no requirement of a baccalaureate degree in a specialized area for employment as a marketing manager. A wide range of educational backgrounds are considered suitable for entry into marketing managerial positions. Some employers prefer degrees in business administration but bachelor's degrees in various liberal arts fields are also acceptable. Here again, certain personal qualities and participation in company training programs are often considered as significant as the beneficiary's specific educational background. In view of the foregoing, it is concluded that the petitioner has not demonstrated that the offered position is a specialty occupation within the meaning of regulations.

The burden of proof in these proceedings rests solely with the petitioner. Section 291 of the Act. 8 U.S.C. 1361. The petitioner has not sustained that burden.

ORDER: The appeal is dismissed.
