FOR THE ASSOCIATE COMMISSIONER,  
EXAMINATIONS

  
Robert P. Wiemann, Acting Director  
Administrative Appeals Office

**DISCUSSION:** The nonimmigrant visa petition was denied by the director and is now before the Associate Commissioner for Examinations on appeal. The director's decision will be withdrawn and the matter will be remanded to him for further action and consideration.

The petitioner is a medical rehabilitation institute with eight employees and \$500,000 gross annual income. It seeks to employ the beneficiary as a coordinator of rehabilitation services for a period of six years. The director determined the petitioner had not submitted a Labor Condition Application (Form ETA-9035) certified by the Department of Labor in the specialty occupation.

On appeal, the petitioner's president submits evidence of certification from the Department of Labor and argues that such information had previously been submitted to the Service.

Section 101(a)(15)(H)(i)(b) of the Immigration and Nationality Act (the Act), 8 U.S.C. 1101(a)(15)(H)(i)(b), provides in part for nonimmigrant classification to qualified aliens who are coming temporarily to the United States to perform services in a specialty occupation. Section 214(i)(1) of the Act, 8 U.S.C. 1184(i)(1), defines a "specialty occupation" as an occupation that requires theoretical and practical application of a body of highly specialized knowledge, and attainment of a bachelor's or higher degree in the specific specialty (or its equivalent) as a minimum for entry into the occupation in the United States.

Pursuant to section 214(i)(2) of the Act, 8 U.S.C. 1184(i)(2), to qualify as an alien coming to perform services in a specialty occupation the beneficiary must hold full state licensure to practice in the occupation, if such licensure is required to practice in the occupation. In addition, the beneficiary must have completed the degree required for the occupation, or have experience in the specialty equivalent to the completion of such degree and recognition of expertise in the specialty through progressively responsible positions relating to the specialty.

Pursuant to 8 C.F.R. 214.2(h)(4)(iii)(B), the petitioner shall submit the following with an H-1B petition involving a specialty occupation:

1. A certification from the Secretary of Labor that the petitioner has filed a labor condition application with the Secretary,
2. A statement that it will comply with the terms of the labor condition application for the duration of the alien's authorized period of stay, and

3. Evidence that the alien qualifies to perform services in the specialty occupation.

The petitioner has provided a certified labor condition application and a statement that it will comply with the terms of the labor condition application.

The director has not determined whether the beneficiary is qualified to perform the duties of the proffered position or whether the proffered position is a specialty occupation. Accordingly, the matter will be remanded to him to make such a determination and to review all relevant issues. The director may request any additional evidence he deems necessary. The petitioner may also provide additional documentation within a reasonable period to be determined by the director. Upon receipt of all evidence and representations, the director will enter a new decision.

**ORDER:** The decision of the director is withdrawn. The matter is remanded to him for further action and consideration consistent with the above discussion and entry of a new decision.
