FOR THE ASSOCIATE COMMISSIONER,  
EXAMINATIONS

Robert P. Wiemann, Acting Director  
Administrative Appeals Office

**DISCUSSION:** The nonimmigrant visa petition was denied by the director and is now before the Associate Commissioner for Examinations on appeal. The director's decision will be withdrawn and the matter will be remanded to him for further action and consideration.

The petitioner is a food vending corporation with five employees and approximately \$500,000 in gross annual income. It seeks to employ the beneficiary as a strategic management analyst for a period of three years. The director determined that the petitioner had not established that the beneficiary qualifies to perform services in a specialty occupation.

On appeal, counsel argues that the proffered position is a specialty occupation and the beneficiary is qualified to perform the duties of a specialty occupation.

Section 101(a)(15)(H)(i)(b) of the Immigration and Nationality Act (the Act), 8 U.S.C. 1101(a)(15)(H)(i)(b), provides in part for nonimmigrant classification to qualified aliens who are coming temporarily to the United States to perform services in a specialty occupation. Section 214(i)(1) of the Act, 8 U.S.C. 1184(i)(1), defines a "specialty occupation" as an occupation that requires theoretical and practical application of a body of highly specialized knowledge, and attainment of a bachelor's or higher degree in the specific specialty (or its equivalent) as a minimum for entry into the occupation in the United States.

Pursuant to section 214(i)(2) of the Act, 8 U.S.C. 1184(i)(2), to qualify as an alien coming to perform services in a specialty occupation the beneficiary must hold full state licensure to practice in the occupation, if such licensure is required to practice in the occupation. In addition, the beneficiary must have completed the degree required for the occupation, or have experience in the specialty equivalent to the completion of such degree and recognition of expertise in the specialty through progressively responsible positions relating to the specialty.

Pursuant to 8 C.F.R. 214.2(h)(4)(iii)(B), the petitioner shall submit the following with an H-1B petition involving a specialty occupation:

1. A certification from the Secretary of Labor that the petitioner has filed a labor condition application with the Secretary,
2. A statement that it will comply with the terms of the labor condition application for the duration of the alien's authorized period of stay, and

3. Evidence that the alien qualifies to perform services in the specialty occupation.

The petitioner has provided a certified labor condition application and a statement that it will comply with the terms of the labor condition application.

Pursuant to 8 C.F.R. 214.2(h)(4)(iii)(C), to qualify to perform services in a specialty occupation, the alien must meet one of the following criteria:

1. Hold a United States baccalaureate or higher degree required by the specialty occupation from an accredited college or university;
2. Hold a foreign degree determined to be equivalent to a United States baccalaureate or higher degree required by the specialty occupation from an accredited college or university;
3. Hold an unrestricted State license, registration, or certification which authorizes him or her to fully practice the specialty occupation and be immediately engaged in that specialty in the state of intended employment; or
4. Have education, specialized training, and/or progressively responsible experience that is equivalent to completion of a United States baccalaureate or higher degree in the specialty occupation and have recognition of expertise in the specialty through progressively responsible positions directly related to the specialty.

The beneficiary holds a bachelor's degree in arts conferred by a South African university. The beneficiary also had over twenty years of extensive training and experience in conducting student leadership programs, initiating courses, coordinating and work integration, instituting new methods of operations and services, and allocating tasks. A credentials evaluation service found the beneficiary's foreign education equivalent to a three-year program of academic studies in Legal studies and transferable to an accredited university in the United States. The credentials evaluation service also found the beneficiary's educational background and professional experience equivalent to a bachelor's degree in business management from an accredited university in the U.S. The evaluation appears reasonable and will be accepted. Accordingly, it is concluded that the petitioner has shown that the beneficiary qualifies to perform the duties of the proffered position.

The director has not determined whether the proffered position is a specialty occupation. Accordingly, the matter will be remanded to him to make such a determination and to review all relevant issues. The director may request any additional evidence he deems necessary. The petitioner may also provide additional documentation within a reasonable period to be determined by the director. Upon receipt of all evidence and representations, the director will enter a new decision.

**ORDER:** The decision of the director is withdrawn. The matter is remanded to him for further action and consideration consistent with the above discussion and entry of a new decision which, if adverse to the petitioner, is to be certified to the Associate Commissioner for review.
