Any motion must be filed with the office which originally decided your case along with a fee of \$110 as required under 8 C.F.R. 103.7.

FOR THE ASSOCIATE COMMISSIONER,  
EXAMINATIONS

Robert P. Wiemann, Acting Director  
Administrative Appeals Office

**DISCUSSION:** The nonimmigrant visa petition was denied by the Director, Vermont Service Center, and is now before the Associate Commissioner for Examinations on appeal. The appeal will be dismissed.

The petitioner is engaged in computer and telecommunications activities. It seeks to employ the beneficiary as a system network engineer for a period of three years. The director determined that the petitioner had not provided a certified labor condition application (Form ETA 9035) from the Department of Labor. The director also found the petitioner had not established that the offered position is a specialty occupation.

On appeal, counsel forwards a copy of a certified labor condition application and states the Form ETA 9035 was certified and submitted with the original petition. Counsel argues that the offered position is a specialty occupation and the beneficiary is qualified to perform the duties of a specialty occupation.

Section 101(a)(15)(H)(i)(b) of the Immigration and Nationality Act (the Act), 8 U.S.C. 1101(a)(15)(H)(i)(b), provides in part for nonimmigrant classification to qualified aliens who are coming temporarily to the United States to perform services in a specialty occupation. Section 214(i)(1) of the Act, 8 U.S.C. 1184(i)(1), defines a "specialty occupation" as an occupation that requires theoretical and practical application of a body of highly specialized knowledge, and attainment of a bachelor's or higher degree in the specific specialty (or its equivalent) as a minimum for entry into the occupation in the United States.

Pursuant to section 214(i)(2) of the Act, 8 U.S.C. 1184(i)(2), to qualify as an alien coming to perform services in a specialty occupation the beneficiary must hold full state licensure to practice in the occupation, if such licensure is required to practice in the occupation. In addition, the beneficiary must have completed the degree required for the occupation, or have experience in the specialty equivalent to the completion of such degree and recognition of expertise in the specialty through progressively responsible positions relating to the specialty.

Pursuant to 8 C.F.R. 214.2(h)(4)(iii)(B), the petitioner shall submit the following with an H-1B petition involving a specialty occupation:

1. A certification from the Secretary of labor that the petitioner has filed a labor condition application with the Secretary,
2. A statement that it will comply with the terms of the labor condition application for the duration of the alien's authorized period of stay, and

3. Evidence that the alien qualifies to perform services in the specialty occupation.

Although the petitioner was required by regulation and requested by the director to provide a certification from the Department of Labor that a labor condition application had been filed, that document was not initially submitted.

The petitioner has provided a certified labor condition application. Nevertheless, that application was certified on December 3, 1999, a date subsequent to November 12, 1999, the filing date of the visa petition. Regulations at 8 C.F.R. 214.2(h)(4)(i)(B)(i) provide that before filing a petition for H-1B classification in a specialty occupation, the petitioner shall obtain a certification from the Department of Labor that it has filed a labor condition application. Since this has not occurred, the petition may not be approved.

The petitioner has not demonstrated that the offered position is a specialty occupation. Inasmuch as the appeal will be dismissed on other grounds, this issue will not be pursued further at this time.

The burden of proof in these proceedings rests solely with the petitioner. Section 291 of the Act. 8 U.S.C. 1361. The petitioner has not sustained that burden.

**ORDER:** The appeal is dismissed.
