FOR THE ASSOCIATE COMMISSIONER,  
EXAMINATIONS

Robert P. Wiemann, Acting Director  
Administrative Appeals Office

**DISCUSSION:** The nonimmigrant visa petition was denied by the director and is now before the Associate Commissioner for Examinations on appeal. The appeal will be sustained.

The petitioner is a software development and consulting firm with ten employees and a gross annual income of \$585,000. It seeks to employ the beneficiary as a programmer analyst for a period of three years. The director determined that the petitioner had not demonstrated that the beneficiary qualifies to perform services in a specialty occupation.

On appeal, counsel argues that the beneficiary does qualify to perform services in a specialty occupation.

Section 101(a) (15) (H) (i) (b) of the Immigration and Nationality Act (the Act), 8 U.S.C. 1101(a) (15) (H) (i) (b), provides in part for nonimmigrant classification to qualified aliens who are coming temporarily to the United States to perform services in a specialty occupation. Section 214(i) (1) of the Act, 8 U.S.C. 1184(i) (1), defines a "specialty occupation" as an occupation that requires theoretical and practical application of a body of highly specialized knowledge, and attainment of a bachelor's or higher degree in the specific specialty (or its equivalent) as a minimum for entry into the occupation in the United States.

Pursuant to section 214(i) (2) of the Act, 8 U.S.C. 1184(i) (2), to qualify as an alien coming to perform services in a specialty occupation the beneficiary must hold full state licensure to practice in the occupation, if such licensure is required to practice in the occupation. In addition, the beneficiary must have completed the degree required for the occupation, or have experience in the specialty equivalent to the completion of such degree and recognition of expertise in the specialty through progressively responsible positions relating to the specialty.

Pursuant to 8 C.F.R. 214.2(h) (4) (iii) (B), the petitioner shall submit the following with an H-1B petition involving a specialty occupation:

1. A certification from the Secretary of Labor that the petitioner has filed a labor condition application with the Secretary,
2. A statement that it will comply with the terms of the labor condition application for the duration of the alien's authorized period of stay, and
3. Evidence that the alien qualifies to perform services in the specialty occupation.

The petitioner has provided a certified labor condition application and a statement that it will comply with the terms of the labor condition application.

Pursuant to 8 C.F.R. 214.2(h)(4)(iii)(C), to qualify to perform services in a specialty occupation, the alien must meet one of the following criteria:

1. Hold a United States baccalaureate or higher degree required by the specialty occupation from an accredited college or university;
2. Hold a foreign degree determined to be equivalent to a United States baccalaureate or higher degree required by the specialty occupation from an accredited college or university;
3. Hold an unrestricted State license, registration, or certification which authorizes him or her to fully practice the specialty occupation and be immediately engaged in that specialty in the state of intended employment; or
4. Have education, specialized training, and/or progressively responsible experience that is equivalent to completion of a United States baccalaureate or higher degree in the specialty occupation and have recognition of expertise in the specialty through progressively responsible positions directly related to the specialty.

The proffered position appears to be a specialty occupation. The beneficiary holds a bachelor's degree in agricultural sciences conferred by a Ukrainian institution. Accordingly, it is concluded that the petitioner has not shown that the beneficiary qualifies to perform the duties of the proffered position based upon education alone.

A credentials evaluation service has determined that the beneficiary's foreign education and training is equivalent to a baccalaureate degree in agricultural sciences with an additional concentration in computer science.

The beneficiary took one computer course and two other relevant courses as part of his class work related to the attainment of his degree. The beneficiary also took a one-year computer course and obtained a post graduate diploma in computer applications. The beneficiary also had one year and ten months of relevant work experience at the time the visa petition was filed. In view of the foregoing, it is concluded that the petitioner has demonstrated that the beneficiary is qualified to perform services in a specific specialty occupation.

The burden of proof in these proceedings rests solely with the petitioner. Section 291 of the Act, 8 U.S.C. 1361. The petitioner has sustained that burden. Accordingly, the appeal will be sustained and the petition will be approved.

**ORDER:** The appeal is sustained. The director's order is withdrawn and the petition is approved.
