IN RE: Petitioner:
Beneficiary:

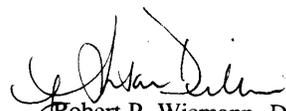

PETITION: Petition for a Nonimmigrant Worker Pursuant to Section 101(a)(15)(H)(i)(b) of the Immigration and Nationality Act, 8 U.S.C. § 1101(a)(15)(H)(i)(b)

ON BEHALF OF PETITIONER:

INSTRUCTIONS:

This is the decision in your case. All documents have been returned to the office that originally decided your case. Any further inquiry must be made to that office.

Robert P. Wiemann, Director
Administrative Appeals Office

DISCUSSION: The nonimmigrant visa petition was denied by the director and is now before the Administrative Appeals Office (AAO) on appeal. The decision of the director will be withdrawn and the petition will be remanded for further consideration.

The petitioner exports toys and stuffed animals. It has 26 worldwide employees and a worldwide gross annual income of \$2.8 million. It seeks to extend its authorization to employ the beneficiary as a branch manager for a period of three years. The director determined the petitioner had not established that the proffered position is a specialty occupation.

On appeal, counsel submits a statement.

Section 101(a)(15)(H)(i)(b) of the Immigration and Nationality Act (the Act), 8 U.S.C. § 1101(a)(15)(H)(i)(b), provides in part for nonimmigrant classification to qualified aliens who are coming temporarily to the United States to perform services in a specialty occupation. Section 214(i)(1) of the Act, 8 U.S.C. § 1184(i)(1), defines a "specialty occupation" as an occupation that requires theoretical and practical application of a body of highly specialized knowledge, and attainment of a bachelor's or higher degree in the specific specialty (or its equivalent) as a minimum for entry into the occupation in the United States.

Pursuant to section 214(i)(2) of the Act, 8 U.S.C. § 1184(i)(2), to qualify as an alien coming to perform services in a specialty occupation the beneficiary must hold full state licensure to practice in the occupation, if such licensure is required to practice in the occupation. In addition, the beneficiary must have completed the degree required for the occupation, or have experience in the specialty equivalent to the completion of such degree and recognition of expertise in the specialty through progressively responsible positions relating to the specialty.

The director denied the petition because the petitioner had not demonstrated that the proffered position is a specialty occupation. On appeal, counsel states:

Denial received from the Service in connection with the above referenced petition does not correlate. The Denial is neither complete nor accurate[.] Whilst the Denial begins to address the beneficiary's position on the first page, the second and third pages refer to a Nursing Home Administrator position Upon receipt

of a denial that [is] related to this case we will provide a brief.

In accordance with counsel's finding, the matter will be remanded to the director to make a new determination and to review all relevant issues. The director may request any additional evidence he deems necessary. The petitioner may also provide additional documentation within a reasonable period to be determined by the director. Upon receipt of all evidence and representations, the director will enter a new decision.

ORDER: The decision of the director is withdrawn. The matter is remanded to him for further action and consideration consistent with the above discussion and entry of a new decision that, if adverse to the petitioner, is to be certified to the AAO for review.
