IN RE: Petitioner: [Redacted]  
Beneficiary: [Redacted]

PETITION: Petition for a Nonimmigrant Worker Pursuant to Section 101(a)(15)(H)(i)(b) of the  
Immigration and Nationality Act, 8 U.S.C. § 1101(a)(15)(H)(i)(b)

ON BEHALF OF PETITIONER:

INSTRUCTIONS:

This is the decision of the Administrative Appeals Office in your case. All documents have been returned to the office that originally decided your case. Any further inquiry must be made to that office.

Robert P. Wiemann, Director  
Administrative Appeals Office

**DISCUSSION:** The service center director denied the nonimmigrant visa petition and the matter is now before the Administrative Appeals Office (AAO) on appeal. The decision of the director will be withdrawn and the matter will be remanded to him for further consideration.

The petitioner is a preschool/Kindergarten that seeks to employ the beneficiary as a teacher. The petitioner endeavors to classify the beneficiary as a nonimmigrant worker in a specialty occupation pursuant to § 101(a)(15)(H)(i)(b) of the Immigration and Nationality Act (the Act), 8 U.S.C. § 1101(a)(15)(H)(i)(b).

The director denied the petition because the petitioner did not provide the original document as requested. On appeal, counsel states, in part:

In response to the agency's request, the Beneficiary obtained a transcript from Arellano University as that transcript would have a record of her complete post secondary transcript. Arellano University issued a *certified* copy of the transcript bearing the embossed seal of the University, and a signed certification in purple ink. This transcript includes all the courses taken by the Beneficiary at the Lyceum of the Philippines, these courses appearing under the heading "Lyceum of the Philippines."

Section 214(i)(2) of the Act, 8 U.S.C. § 1184(i)(2), states that an alien applying for classification as an H-1B nonimmigrant worker must possess full state licensure to practice in the occupation, if such licensure is required to practice in the occupation, and completion of the degree in the specialty that the occupation requires. If the alien does not possess the required degree, the petitioner must demonstrate that the alien has experience in the specialty equivalent to the completion of such degree, and recognition of expertise in the specialty through progressively responsible positions relating to the specialty.

Pursuant to 8 C.F.R. § 214.2(h)(4)(iii)(C), to qualify to perform services in a specialty occupation, an alien must meet one of the following criteria:

- (1) Hold a United States baccalaureate or higher degree required by the specialty occupation from an accredited college or university;
- (2) Hold a foreign degree determined to be equivalent to a United States baccalaureate or higher degree required by the specialty occupation from an accredited college or university;
- (3) Hold an unrestricted state license, registration or certification which authorizes him or her to fully practice the specialty occupation and be immediately engaged in that specialty in the state of intended employment; or
- (4) Have education, specialized training, and/or progressively responsible experience that is equivalent to completion of a United States baccalaureate or higher degree in the specialty occupation, and have recognition of expertise in the specialty through progressively responsible positions directly related to the specialty.

The record of proceeding before the AAO contains, in part: (1) Form I-129 and supporting documentation; (2) the director's request for additional evidence; (3) the petitioner's response to the director's request; (4) the

director's denial letter; and (5) Form I-290B and supporting documentation. The AAO reviewed the record in its entirety before issuing its decision.

The petitioner is seeking the beneficiary's services as a teacher. The petitioner indicated that a qualified candidate for the job would possess a bachelor's degree. In this case, the beneficiary holds a Bachelor of Science in Foreign Service degree conferred by a Filipino institution. An evaluation from a [REDACTED] with authority to grant college-level credit based on a candidate's foreign educational credentials indicates that the beneficiary possesses the equivalent of a U.S. Bachelor of Science degree. The beneficiary is therefore qualified for the proffered position. The petition may not be approved, however, because the director has not determined whether the proffered position is a specialty occupation. Accordingly, the matter will be remanded to the director to make such a determination and to review all relevant issues. The director may request any additional evidence he deems necessary. The petitioner may also provide additional documentation within a reasonable period to be determined by the director. Upon receipt of all evidence and representations, the director will enter a new decision.

As always, the burden of proof rests solely with the petitioner. Section 291 of the Act, 8 U.S.C. § 1361.

**ORDER:** The decision of the director is withdrawn. The matter is remanded to him for further action and consistent with the above discussion and entry of a new decision, which, if adverse to the petitioner, is to be certified to the AAO for review.
