IN RE: Petitioner: [Redacted]  
Beneficiaries: [Redacted]

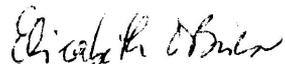

PETITION: Petition for a Nonimmigrant Worker Pursuant to Section 101(a)(15)(H)(ii)(b) of the  
Immigration and Nationality Act, 8 U.S.C. § 1101(a)(15)(H)(ii)(b)

ON BEHALF OF PETITIONER:

**INSTRUCTIONS:**

This is the decision of the Administrative Appeals Office in your case. All documents have been returned to the office that originally decided your case. Any further inquiry must be made to that office.

  
Robert P. Wiemann, Chief  
Administrative Appeals Office

**DISCUSSION:** The nonimmigrant visa petition was recommended to be approved by the Director, Vermont Service Center, and certified to the Administrative Appeals Office (AAO) for review as required by 8 C.F.R. § 214.2(h)(9)(iii)(B)(2)(ii). The decision of the director will be affirmed and the petition will be approved although the matter is now moot due to the passage of time.

The petitioner is a supplier of welding services for the various commercial, industrial, marine and petrol/chemical industries in the South. It desires to employ the beneficiaries as welders pursuant to section 101(a)(15)(H)(ii)(b) of the Immigration and Nationality Act, 8 U.S.C. § 1101(a)(H)(ii)(b) from October 1, 2007 to February 28, 2008. The Department of Labor (DOL) determined that unique, complex, and persistent circumstances generated in the Gulf Region by Hurricanes Katrina and Rita made it impossible to determine whether a temporary labor certification should be issued in the present case. The petitioner then filed a petition with the Director, VSC, containing countervailing evidence to overcome the DOL's decision. The director determined that the petitioner had submitted sufficient countervailing evidence to overcome the objections of the DOL and approved the petition. The director's decision to approve the petition is now before the AAO for review.

Section 101(a)(15)(H)(ii)(b) of the Immigration and Nationality Act (the Act), 8 U.S.C. § 1101(a)(15)(H)(ii)(b), defines an H-2B temporary worker as:

an alien having a residence in a foreign country which he has no intention of abandoning, who is coming temporarily to the United States to perform other temporary service or labor if unemployed persons capable of performing such service or labor cannot be found in this country  
.....

The regulation at 8 C.F.R. § 214.2(h) provides, in part:

(6) *Petition for alien to perform temporary nonagricultural services or labor (H-2B):*

(i) *General.* An H-2B nonagricultural temporary worker is an alien who is coming temporarily to the United States to perform temporary services or labor, is not displacing United States workers capable of performing such services or labor, and whose employment is not adversely affecting the wages and working conditions of United States workers.

(ii) *Temporary services or labor:*

(A) *Definition.* Temporary services or labor under the H-2B classification refers to any job in which the petitioner's need for the duties to be performed by the employee(s) is temporary, whether or not the underlying job can be described as permanent or temporary.

(B) *Nature of petitioner's need.* As a general rule, the period of the petitioner's need must be a year or less, although there may be extraordinary circumstances where the temporary services or labor might last longer than one year. The petitioner's need for the services or labor shall be a one-time occurrence, a seasonal need, a peakload need, or an intermittent need:

- (1) *One-time occurrence.* The petitioner must establish that it has not employed workers to perform the services or labor in the past and that it will not need workers to perform the services or labor in the future, or that it has an employment situation that is otherwise permanent, but a temporary event of short duration has created the need for a temporary worker.

The regulation at 8 C.F.R. § 214.2(h)(6)(iv) states the following with regard to H-2B petitions filed after the DOL has denied temporary labor certification:

(D) *Attachment to petition.* If the petitioner receives a notice from the Secretary of Labor that certification cannot be made, a petition containing countervailing evidence may be filed with the director. The evidence must show that qualified workers in the United States are not available, and that the terms and conditions of employment are consistent with the nature of the occupation, activity, and industry in the United States. All such evidence submitted will be considered in adjudicating the petition.

(E) *Countervailing evidence.* The countervailing evidence presented by the petitioner shall be in writing and shall address availability of U.S. workers, the prevailing wage rate for the occupation of the United States, and each of the reasons why the Secretary of Labor could not grant a labor certification. The petitioner may also submit other appropriate information in support of the petition. The director, at his or her discretion, may require additional supporting evidence.

The precedent decision *Matter of Artee Corp.*, 18 I&N Dec. 366 (Comm. 1982), states the test for determining whether an alien is coming "temporarily" to the United States to "perform temporary services or labor" is whether the need of the petitioner for the duties to be performed is temporary. *Matter of Artee* holds that it is the nature of the need, not the nature of the duties, that is controlling.

The petitioner seeks approval of the proffered position as a one-time occurrence.

To establish that the nature of the need is a "one-time occurrence," the petitioner must demonstrate that it has not employed workers to perform the services or labor in the past and that it will not need workers to perform the services or labor in the future, or that it has an employment situation that is otherwise permanent, but a temporary event of short duration has created the need for a temporary worker. 8 C.F.R. § 214.2(h)(6)(ii)(B)(1).

The petitioner described the duties of the proffered position at section 13 on the Application for Alien Employment Certification (Form ETA 750) as follows:

Use hand-welding, flame-cutting, hand soldering, or brazing equipment to weld or join metal components or to fill holes, indentations, or seams of fabricated metal products.

Upon review of the evidence contained in the record, the decision of the director is found to be correct. While the evidence establishes that the nature of the petitioner's need is continuous and ongoing, the record also establishes that the petitioner's need for these workers is a temporary event of short duration, caused by the extraordinary circumstances of the 2005 hurricane season.

The totality of evidence establishes that the petitioner's need for the workers is a one-time occurrence as defined at 8 C.F.R. § 214.2(h)(6)(ii)(B)(1) and that extraordinary circumstances justify the beneficiaries' H-2B employment in accordance with 8 C.F.R. § 214.2(h)(6)(ii)(B). The Vermont Service Center will issue the appropriate approval notice.

The regulation at 8 C.F.R. § 214.2(h)(9)(ii)(B) states that, if a petition is approved after the date the petitioner indicates that the service will begin, the approved petition and approval notice should show a validity period commencing with the date of approval and ending with the date requested by the petitioner.

It is noted that the petitioner requested the beneficiaries' services from October 1, 2007 to February 28, 2008. Therefore, the matter is moot as the period of requested employment has passed.

As always, the burden of proof in these proceedings rests solely with the petitioner. Section 291 of the Act, 8 U.S.C. § 1361. Here, that burden has been met.

**ORDER:** The director's decision is affirmed and the nonimmigrant visa petition is approved although the matter is moot due to passage of time.
