FOR THE ASSOCIATE COMMISSIONER,
EXAMINATIONS

Myra L. Rosenberg
Robert P. Wiemann, Acting Director
Administrative Appeals Office

DISCUSSION: The nonimmigrant visa petition was denied by the Director, Vermont Service Center, and is now before the Associate Commissioner for Examinations on appeal. The appeal will be dismissed.

The petitioner engages in the business of fine jewelry. It seeks classification of the beneficiary as a fine jewelry broker trainee for a period of 18 months. The director determined that the petitioner has not demonstrated why the proposed training cannot be obtained in the beneficiary's own country and why it is necessary for the beneficiary to be trained in the United States. The director also determined that the beneficiary already possessed substantial training and expertise in the proposed field of training.

On appeal, counsel submitted additional information.

Section 101(a)(15)(H)(iii) of the Immigration and Nationality Act (the Act), 8 U.S.C. 1101(a)(15)(H)(iii), provides classification to an alien having a residence in a foreign country which he or she has no intention of abandoning who is coming temporarily to the United States as a trainee, other than to receive graduate medical education or training, in a training program that is not designed primarily to provide productive employment.

The regulation at 8 C.F.R. 214.2(h)(7) states, in pertinent part:

(ii) *Evidence required for petition involving alien trainee--(A) Conditions.* The petitioner is required to demonstrate that:

(1) The proposed training is not available in the alien's own country;

(2) The beneficiary will not be placed in a position which is in the normal operation of the business and in which citizens and resident workers are regularly employed;

(3) The beneficiary will not engage in productive employment unless such employment is incidental and necessary to the training; and

(4) The training will benefit the beneficiary in pursuing a career outside the United States.

(B) *Description of training program.* Each petition for a trainee must include a statement which:

(1) Describes the type of training and supervision to be given, and the structure of the training program;

(2) Sets forth the proportion of time that will be devoted to productive employment;

(3) Shows the number of hours that will be spent, respectively, in classroom instruction and in on-the-job training;

(4) Describes the career abroad for which the training will prepare the alien;

(5) Indicates the reasons why such training cannot be obtained in the alien's country and why it is necessary for the alien to be trained in the United States; and

(6) Indicates the source of any remuneration received by the trainee and any benefit which will accrue to the petitioner for providing the training.

(iii) *Restrictions on training program for alien trainee.* A training program may not be approved which:

(A) Deals in generalities with no fixed schedule, objectives, or means of evaluation;

(B) Is incompatible with the nature of the petitioner's business or enterprise;

(C) Is on behalf of a beneficiary who already possesses substantial training and expertise in the proposed field of training;

(D) Is in a field in which it is unlikely that the knowledge or skill will be used outside the United States;

(E) Will result in productive employment beyond that which is incidental and necessary to the training;

(F) Is designed to recruit and train aliens for the ultimate staffing of domestic operations in the United States;

(G) Does not establish that the petitioner has the physical plant and sufficiently trained manpower to provide the training specified; or

(H) Is designed to extend the total allowable period of practical training previously authorized a nonimmigrant student.

The goal of the training program is to teach the beneficiary the operating mechanics of the petitioner's jewelry business. The petitioner's training program requires six months for completion. Counsel states that the training cannot be secured outside the United States because it conducts business, which has been recognized in the industry as truly unique and one which does not exist elsewhere. Counsel also states that the petitioner has a unique method of business promotion. The assertion of counsel does not constitute evidence. Matter of Laureano, 19 I&N Dec. 1, 3 (BIA 1983); Matter of Obaigbena, 19 I&N Dec. 533, 534 (BIA 1988); Matter of Ramirez-Sanchez, 17 I&N Dec. 503, 506 (BIA 1980). The evidence presented does not show that such training cannot be obtained in the beneficiary's country and why it is necessary for the beneficiary to be trained in the United States. Further, the beneficiary may not be classified as a nonimmigrant trainee, in the absence of a showing that the training is not available in her own country and that the purported training is not essentially experience in repetition, review, and practical application of skills. See Matter of Frigon, 18 I&N Dec. 164 (Comm. 1981). No evidence has been presented that such training does not exist in the beneficiary's home country.

The beneficiary was admitted into the United States as a M-1 student on January 10, 1999 and authorized to stay until January 9, 2000. The record indicates that the beneficiary attended the Gemological Institute of America, majoring in graduate gemology. Practical training was recommended in the field of gemology on August 3, 1999. Absent the beneficiary's transcript and practical training experience, the petitioner has not shown that the beneficiary does not already have substantial training and expertise in the proposed field of training.

This petition cannot be approved for another reason. The petitioner's training program deals in generalities with no fixed time schedule, or who will be instructing the course.

In nonimmigrant visa petition proceedings, the burden of proving eligibility for the benefit sought remains entirely with the petitioner. Section 291 of the Act, 8 U.S.C. 1361. The petitioner has not met that burden.

ORDER: The appeal is dismissed.
