OFFICE OF ADMINISTRATIVE APPEALS
425 Eye Street N.W.
ULLB, 3rd Floor
Washington, D.C. 20536

Public Copy

File: LIN 99 224 51205 Office: Nebraska Service Center

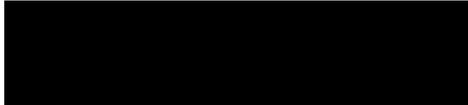

Date: JUN 4 2001

IN RE: Petitioner:
Beneficiary

Petition: Petition for a Nonimmigrant Worker Pursuant to Section 101(a)(15)(H)(iii) of the Immigration and Nationality Act, 8 U.S.C. 1101(a)(15)(H)(iii)

IN BEHALF OF PETITIONER:

Identifying data deleted to
prevent clearly unwarranted
invasion of personal privacy

INSTRUCTIONS:

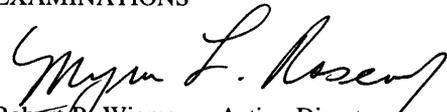

This is the decision in your case. All documents have been returned to the office which originally decided your case. Any further inquiry must be made to that office.

If you believe the law was inappropriately applied or the analysis used in reaching the decision was inconsistent with the information provided or with precedent decisions, you may file a motion to reconsider. Such a motion must state the reasons for reconsideration and be supported by any pertinent precedent decisions. Any motion to reconsider must be filed within 30 days of the decision that the motion seeks to reconsider, as required under 8 C.F.R. 103.5(a)(1)(i).

If you have new or additional information which you wish to have considered, you may file a motion to reopen. Such a motion must state the new facts to be proved at the reopened proceeding and be supported by affidavits or other documentary evidence. Any motion to reopen must be filed within 30 days of the decision that the motion seeks to reopen, except that failure to file before this period expires may be excused in the discretion of the Service where it is demonstrated that the delay was reasonable and beyond the control of the applicant or petitioner. Id.

Any motion must be filed with the office which originally decided your case along with a fee of \$110 as required under 8 C.F.R. 103.7.

FOR THE ASSOCIATE COMMISSIONER,
EXAMINATIONS

Robert E. Wiemann, Acting Director
Administrative Appeals Office

DISCUSSION: The nonimmigrant visa petition was denied by the Director, Nebraska Service Center, and is now before the Associate Commissioner for Examinations on appeal. The appeal will be dismissed.

The petitioner designs and fabricates aerospace vehicles. It seeks classification of the beneficiary as a student engineer for 11 months. The director determined that the petitioner's training program deals in generalities with no fixed schedule, objectives or means of evaluation. The director also determined that the beneficiary already possessed substantial training and expertise in the proposed field of training.

The petitioner states that the petitioner clearly established each of the criteria set forth in the regulation.

Section 101(a)(15)(H)(iii) of the Immigration and Nationality Act (the Act), 8 U.S.C. 1101(a)(15)(H)(iii), provides classification to an alien having a residence in a foreign country which he or she has no intention of abandoning who is coming temporarily to the United States as a trainee, other than to receive graduate medical education or training, in a training program that is not designed primarily to provide productive employment.

The regulation at 8 C.F.R. 214.2(h)(7) states, in pertinent part:

(ii) *Evidence required for petition involving alien trainee--(A) Conditions.* The petitioner is required to demonstrate that:

(1) The proposed training is not available in the alien's own country;

(2) The beneficiary will not be placed in a position which is in the normal operation of the business and in which citizens and resident workers are regularly employed;

(3) The beneficiary will not engage in productive employment unless such employment is incidental and necessary to the training; and

(4) The training will benefit the beneficiary in pursuing a career outside the United States.

(B) *Description of training program.* Each petition for a trainee must include a statement which:

(1) Describes the type of training and supervision to be given, and the structure of the training program;

(2) Sets forth the proportion of time that will be devoted to productive employment;

(3) Shows the number of hours that will be spent, respectively, in classroom instruction and in on-the-job training;

(4) Describes the career abroad for which the training will prepare the alien;

(5) Indicates the reasons why such training cannot be obtained in the alien's country and why it is necessary for the alien to be trained in the United States; and

(6) Indicates the source of any remuneration received by the trainee and any benefit which will accrue to the petitioner for providing the training.

(iii) *Restrictions on training program for alien trainee.* A training program may not be approved which:

(A) Deals in generalities with no fixed schedule, objectives, or means of evaluation;

(B) Is incompatible with the nature of the petitioner's business or enterprise;

(C) Is on behalf of a beneficiary who already possesses substantial training and expertise in the proposed field of training;

(D) Is in a field in which it is unlikely that the knowledge or skill will be used outside the United States;

(E) Will result in productive employment beyond that which is incidental and necessary to the training;

(F) Is designed to recruit and train aliens for the ultimate staffing of domestic operations in the United States;

(G) Does not establish that the petitioner has the physical plant and sufficiently trained manpower to provide the training specified; or

(H) Is designed to extend the total allowable period of practical training previously authorized a nonimmigrant student.

The petitioner has not demonstrated that a structured training program exists. The nontechnical description on the petition states that the beneficiary will "receive technical training and perform general functions compatible with education and work experience." The proposed training schedule lists the courses, the number of hours for each course, and indicates that the beneficiary will have 380 hours of classroom instruction and 1,520 hours in on-the-job training. The petitioner has not explained the training program in detail showing the day(s) of the week and the number of hours that will be spent in each course, the means by which the instructor will be evaluating the beneficiary and how one instructor (Sandra Harper) will be able to teach seven courses. Further, the petitioner has not shown the instructor is qualified to teach the aforementioned courses.

The record indicates that the beneficiary currently has three semesters remaining for completion of his engineering education. The record also indicates that the beneficiary worked as a project leader for British Midland Airways in aircraft maintenance and materials management. Absent a detailed description of the beneficiary's education and employment history, the beneficiary may already have substantial training and expertise in the proposed field of training. Consequently, the petition may not be approved.

The petition cannot be approved for additional reasons. The petitioner states that the beneficiary's on-the-job training will require 1,520 hours. The petitioner has not shown that the beneficiary will not be engaged in productive employment beyond that necessary and incidental to the training. Further, the petitioner has not demonstrated that the beneficiary will not be placed in a position in which citizens and resident workers are regularly employed.

In nonimmigrant visa petition proceedings, the burden of proving eligibility for the benefit sought remains entirely with the petitioner. Section 291 of the Act, 8 U.S.C. 1361. The petitioner has not met that burden.

ORDER: The appeal is dismissed.
