FOR THE ASSOCIATE COMMISSIONER,
EXAMINATIONS

for Robert P. Wiemann, Acting Director
Administrative Appeals Office

DISCUSSION: The nonimmigrant visa petition was denied by the Director, California Service Center, and is now before the Associate Commissioner for Examinations on appeal. The appeal will be dismissed.

The petitioner engages in the construction and remodeling of homes. It seeks classification of the beneficiary as a marketing manager trainee for a period of 23 months. The director determined that the petitioner's training program deals in generalities with no fixed schedule, objectives or means of evaluation. The director also determined that the petitioner has not demonstrated the proposed training is not available in the beneficiary's own country.

On appeal, counsel states that the training program provided knowledge or experience that is unavailable in the beneficiary's own country. Counsel also states that the petitioner has a training program which has a designated fixed schedule, objectives and means of evaluation.

Section 101(a)(15)(H)(iii) of the Immigration and Nationality Act (the Act), 8 U.S.C. 1101(a)(15)(H)(iii), provides classification to an alien having a residence in a foreign country which he or she has no intention of abandoning who is coming temporarily to the United States as a trainee, other than to receive graduate medical education or training, in a training program that is not designed primarily to provide productive employment.

The regulation at 8 C.F.R. 214.2(h)(7) states, in pertinent part:

(ii) *Evidence required for petition involving alien trainee--(A) Conditions.* The petitioner is required to demonstrate that:

(1) The proposed training is not available in the alien's own country;

(2) The beneficiary will not be placed in a position which is in the normal operation of the business and in which citizens and resident workers are regularly employed;

(3) The beneficiary will not engage in productive employment unless such employment is incidental and necessary to the training; and

(4) The training will benefit the beneficiary in pursuing a career outside the United States.

(B) *Description of training program.* Each petition for a trainee must include a statement which:

(1) Describes the type of training and supervision to be given, and the structure of the training program;

(2) Sets forth the proportion of time that will be devoted to productive employment;

(3) Shows the number of hours that will be spent, respectively, in classroom instruction and in on-the-job training;

(4) Describes the career abroad for which the training will prepare the alien;

(5) Indicates the reasons why such training cannot be obtained in the alien's country and why it is necessary for the alien to be trained in the United States; and

(6) Indicates the source of any remuneration received by the trainee and any benefit which will accrue to the petitioner for providing the training.

(iii) *Restrictions on training program for alien trainee.*
A training program may not be approved which:

(A) Deals in generalities with no fixed schedule, objectives, or means of evaluation;

(B) Is incompatible with the nature of the petitioner's business or enterprise;

(C) Is on behalf of a beneficiary who already possesses substantial training and expertise in the proposed field of training;

(D) Is in a field in which it is unlikely that the knowledge or skill will be used outside the United States;

(E) Will result in productive employment beyond that which is incidental and necessary to the training;

(F) Is designed to recruit and train aliens for the ultimate staffing of domestic operations in the United States;

(G) Does not establish that the petitioner has the physical plant and sufficiently trained manpower to provide the training specified; or

(H) Is designed to extend the total allowable period of practical training previously authorized a nonimmigrant student.

Counsel states that there are basically four major phases of the training program with each phase varying from one to four months. Counsel also states that the training will encompass various topics such as remodeling construction, interior home design, estimations, etc. and that an aptitude assessment analysis and evaluation will be conducted at the end of each training phase. The petitioner's training program outlines the purpose and objectives, course titles and description, length of courses and time period, list of instructors and the evaluation process. Therefore, the petitioner has been shown to have a structured training program.

Counsel states that the petitioner will provide the beneficiary with the necessary managerial skills prior to sending him to his home country for the future opening of its branch in Israel. Counsel states that similar training is unavailable outside the United States. The assertion of counsel does not constitute evidence. Matter of Laureano, 19 I&N Dec. 1, 3 (BIA 1983); Matter of Obaigbena, 19 I&N Dec. 533, 534 (BIA 1988); Matter of Ramirez-Sanchez, 17 I&N Dec. 503, 506 (BIA 1980). No evidence has been presented that such training does not exist in the beneficiary's home country. Further, the beneficiary may not be classified as a nonimmigrant trainee, in the absence of a showing that the training is not available in his own country and that the purported training is not essentially experience in repetition, review, and practical application of skills. See Matter of Frigon, 18 I&N Dec. 164 (Comm. 1981).

In nonimmigrant visa petition proceedings, the burden of proving eligibility for the benefit sought remains entirely with the petitioner. Section 291 of the Act, 8 U.S.C. 1361. The petitioner has not met that burden.

ORDER: The appeal is dismissed.
