FOR THE ASSOCIATE COMMISSIONER,
EXAMINATIONS

for Robert P. Wiemann, Acting Director
Administrative Appeals Office

DISCUSSION: The nonimmigrant visa petition was denied by the Director, Vermont Service Center, and is now before the Associate Commissioner for Examinations on appeal. The appeal will be dismissed.

The petitioner is an international retailer which specializes in ready to wear accessories and luxury items. It seeks classification of the beneficiary as a marketing trainee for a period of 18 months. The director determined that the petitioner's training program deals in generalities with no fixed schedule, objectives or means of evaluation. The director also determined that the petitioner has not demonstrated the proposed training is not available in the beneficiary's own country. Finally, the petitioner has not demonstrated why it is necessary that the beneficiary be trained in the United States.

On appeal, counsel submitted a schedule showing the topics to be studied by the beneficiary. Counsel also states that the best way to acquaint the beneficiary with Americans' taste in products is to be in an American environment.

Section 101(a)(15)(H)(iii) of the Immigration and Nationality Act (the Act), 8 U.S.C. 1101(a)(15)(H)(iii), provides classification to an alien having a residence in a foreign country which he or she has no intention of abandoning who is coming temporarily to the United States as a trainee, other than to receive graduate medical education or training, in a training program that is not designed primarily to provide productive employment.

The regulation at 8 C.F.R. 214.2(h)(7) states, in pertinent part:

(ii) *Evidence required for petition involving alien trainee--(A) Conditions.* The petitioner is required to demonstrate that:

(1) The proposed training is not available in the alien's own country;

(2) The beneficiary will not be placed in a position which is in the normal operation of the business and in which citizens and resident workers are regularly employed;

(3) The beneficiary will not engage in productive employment unless such employment is incidental and necessary to the training; and

(4) The training will benefit the beneficiary in pursuing a career outside the United States.

(B) *Description of training program.* Each petition for a trainee must include a statement which:

(1) Describes the type of training and supervision to be given, and the structure of the training program;

(2) Sets forth the proportion of time that will be devoted to productive employment;

(3) Shows the number of hours that will be spent, respectively, in classroom instruction and in on-the-job training;

(4) Describes the career abroad for which the training will prepare the alien;

(5) Indicates the reasons why such training cannot be obtained in the alien's country and why it is necessary for the alien to be trained in the United States; and

(6) Indicates the source of any remuneration received by the trainee and any benefit which will accrue to the petitioner for providing the training.

(iii) *Restrictions on training program for alien trainee.* A training program may not be approved which:

(A) Deals in generalities with no fixed schedule, objectives, or means of evaluation;

(B) Is incompatible with the nature of the petitioner's business or enterprise;

(C) Is on behalf of a beneficiary who already possesses substantial training and expertise in the proposed field of training;

(D) Is in a field in which it is unlikely that the knowledge or skill will be used outside the United States;

(E) Will result in productive employment beyond that which is incidental and necessary to the training;

(F) Is designed to recruit and train aliens for the ultimate staffing of domestic operations in the United States;

(G) Does not establish that the petitioner has the physical plant and sufficiently trained manpower to provide the training specified; or

(H) Is designed to extend the total allowable period of practical training previously authorized a nonimmigrant student.

The petitioner claims that it is necessary that the beneficiary be trained in the United States so that he can become acquainted with Americans' tastes and buying habits. The petitioner has not adequately demonstrated why it is necessary for the beneficiary to receive training in the United States.

The petitioner's training program lists the courses or topics, the individuals employed in the New York office who are considered experts in their field to instruct the beneficiary, and the time of the course. Counsel states that the instructors do not use any specific course material but rely upon their expertise and knowledge of the subject matter. The petitioner also states that it has developed a system of rotating an individual through various departments to enhance his or her knowledge. None of the above demonstrates that the petitioner has a structured training program.

The petitioner has an in-house training program in France which is designed to provide its trainees with expertise in many areas of international retail trading, marketing and pricing. The petitioner has not demonstrated that the proposed training is not available in the beneficiary's own country.

In nonimmigrant visa petition proceedings, the burden of proving eligibility for the benefit sought remains entirely with the petitioner. Section 291 of the Act, 8 U.S.C. 1361. The petitioner has not met that burden.

ORDER: The appeal is dismissed.
