

Arizona Driver's License and ID Card Information

Arizona joined the Records and Information from DMVs for E-Verify (RIDE) program in July 2017 for driver's licenses and ID cards. When an employee presents an Arizona driver's license or ID card as his or her List B document for Form I-9, E-Verify will prompt you to enter the document information and will verify it against Arizona records.

- Select "Driver's license" as the document name in E-Verify for any Arizona document called a **Driver License, Instruction Permit, or Commercial Driver License**.
- Select "ID card" as the document name in E-Verify for any Arizona document called an **Identification Card**.
- Arizona issues horizontal driver's licenses and ID cards for individuals age 21 and over and issues vertical driver's licenses and ID cards for individuals under age 21.
- Arizona driver's licenses and ID cards contain document numbers (circled) that are nine characters- one letter followed by eight numbers.
- Arizona began issuing driver's licenses and ID cards with the current design on March 28, 2016.
- For more information on Arizona driver's licenses and ID cards, consult the [Arizona Department of Transportation Driver Services website](#).
