Questions and Answers

Form I-9 Q&A: Is an unsigned Social Security card valid?

Yes. A signature on the card is not required for the card to be valid. You may accept an unsigned Social Security card as long as the card reasonably appears to be genuine and to relate to the person presenting it.

E-Verify Q&A: Which existing employees may be verified in E-Verify?

E-Verify may not be used to create cases for employees hired before the company signed the MOU (unless you are a Federal contractor with the FAR E-Verify clause) or to re-verify employees who have temporary work authorization.

E-Verify Q&A: I am an employer with multiple hiring sites. Can one site create cases for all my employees?

Yes, one site may create new cases for all of its sites. When you enroll for the site that will create cases, select "multiple site registration" and give the number of sites per state for which it will use E-Verify.
