

Wyoming Driver's License and ID Card Information

Wyoming joined the Records and Information from DMVs for E-Verify (RIDE) program in July 2017 for driver's licenses and ID cards. When an employee presents a Wyoming driver's license or ID card as his or her List B document for Form I-9, E-Verify will prompt you to enter the document information and will verify it against Wyoming records.

- Select "Driver's license" as the document name in E-Verify for any Wyoming document called a **Driver License, Learner's Permit, or Commercial Driver License.**
- Select "ID card" as the document name in E-Verify for any Wyoming document called an **Identification Card.**
- Wyoming issues horizontal driver's licenses and ID cards for individuals age 21 and over and issues vertical driver's licenses and ID cards for individuals under age 21.
- Wyoming driver's licenses and ID cards contain document numbers (circled) that are nine numbers- six numbers followed by a hyphen and three numbers.
- Wyoming began issuing driver's licenses and ID cards with the current design in October 2010.
