[USCIS ELIS Video: Uploading Evidence](#)

Running Time: 59 seconds

In this demonstration, an applicant uploads evidence with their benefit request.

To begin, select Add Document under the identity category.

To upload a passport, select Passport Foreign from the drop down menu.

The Select and Add File screen appears.

Select Browse to browse for and locate a document.

Select a file to attach to the benefit request.

Select Add File to complete the document upload.

A digital copy of a passport has now been attached to a benefit request.
