Current and former service members of the United States military who served honorably may qualify for naturalization based on their military service. For additional information on eligibility for naturalization, see www.uscis.gov/policy-manual/volume-12-part-i-chapter-3.

PROCESS

• There are two ways for military members to qualify for naturalization based on their military service (1) One Year of Military Service At Any Time or (2) Service During Periods of Hostility.
• Current service members may complete their naturalization process abroad.
• Eligible former service members must complete the naturalization process, including attending the naturalization interview and taking the Oath of Allegiance, in the United States.

HOW TO APPLY

• Many military installations have a designated USCIS liaison to help you with the naturalization application process. These liaisons are typically assigned to a specific office (for example, your installation’s community service center, DOS family liaison office or Judge Advocate General).
• File Form N-400, Application for Naturalization, without fee, at www.uscis.gov/n-400 with all required evidence including:
  • A completed Form N-426, Request for Certification of Military or Naval Service (www.uscis.gov/n-426). Ask your chain of command to certify your honorable military service.
    • If you have already separated from the U.S. armed forces, you still must submit a completed Form N-426, but the Form N-426 may be uncertified. You must also submit a photocopy of your DD Form 214, Certificate of Release or Discharge from Active Duty, NGB Form 22, National Guard Report of Separation and Record of Service, or other official discharge document for all periods of service.
    • See N-400 form instructions for additional evidence requirements.
