

## **PHOTOGRAPH FOR FUTURE REQUEST TO WORK IN THE UNITED STATES**

If you want to work in the United States, you need approval from U.S. Citizenship and Immigration Services (USCIS). You can ask USCIS for permission to work in the United States by filing Form I-765, Application for Employment Authorization. If USCIS takes your photograph today, it will be easier and quicker for USCIS to process your Form I-765 when you file it. If you intend to apply for employment authorization, you have the voluntary choice to allow USCIS to take your photograph now.

Having your photograph taken today does NOT mean you have applied for employment authorization. To apply for employment authorization, you will still need to file the Form I-765. The Form I-765 and instructions on how to file it are on the USCIS website at <https://www.uscis.gov/i-765>
