IN RE: Petitioner: [Redacted]
Beneficiary: [Redacted]

PETITION: Immigrant Petition for Alien Worker as a Member of the Professions Holding an Advanced Degree or an Alien of Exceptional Ability Pursuant to Section 203(b)(2) of the Immigration and Nationality Act, 8 U.S.C. § 1153(b)(2)

ON BEHALF OF PETITIONER:

INSTRUCTIONS:

This is the decision of the Administrative Appeals Office in your case. All documents have been returned to the office that originally decided your case. Any further inquiry must be made to that office.

If you believe the law was inappropriately applied or you have additional information that you wish to have considered, you may file a motion to reconsider or a motion to reopen. Please refer to 8 C.F.R. § 103.5 for the specific requirements. All motions must be submitted to the office that originally decided your case by filing a Form I-290B, Notice of Appeal or Motion, with a fee of \$585. Any motion must be filed within 30 days of the decision that the motion seeks to reconsider or reopen, as required by 8 C.F.R. § 103.5(a)(1)(i).

John F. Grissom
Acting Chief, Administrative Appeals Office

DISCUSSION: The Director, Nebraska Service Center, denied the employment-based immigrant visa petition, which is now before the Administrative Appeals Office (AAO) on appeal. The appeal will be dismissed.

The petitioner is a plastic container manufacturer. It seeks to employ the beneficiary permanently in the United States as an engineering technician pursuant to section 203(b)(2) of the Immigration and Nationality Act (the Act), 8 U.S.C. § 1153(b)(2). As required by statute, a Form ETA 750,¹ Application for Alien Employment Certification approved by the Department of Labor (DOL), accompanied the petition. Upon reviewing the petition, the director determined that the beneficiary did not satisfy the minimum level of education stated on the labor certification. Specifically, the director determined that the beneficiary did not possess a bachelor's degree or foreign equivalent degree. The director denied the petition accordingly.

On appeal, counsel asserts that the beneficiary's education and experience equate to a bachelor's degree. For the reasons discussed below, we find that the director's conclusion is supported by the plain language of the regulation at 8 C.F.R. § 204.5(k)(4), which is binding on us.

Section 203(b) of the Act states in pertinent part that:

(2) Aliens who are members of the professions holding advanced degrees or aliens of exceptional ability. --

(A) In general. -- Visas shall be made available . . . to qualified immigrants who are members of the professions holding advanced degrees or their equivalent or who because of their exceptional ability in the sciences, arts, or business, will substantially benefit prospectively the national economy, cultural or educational interests, or welfare of the United States, and whose services in the sciences, arts, professions, or business are sought by an employer in the United States.

The regulation at 8 C.F.R. § 204.5(k)(4) provides the following:

(i) *General.* Every petition under this classification must be accompanied by an individual labor certification from the Department of Labor, by an application for Schedule A designation (if applicable), or by documentation to establish that the alien qualifies for one of the shortage occupations in the Department of Labor's Labor Market Information Pilot Program. To apply for Schedule A designation or to establish that the alien's occupation is within the Labor Market Information Program, a fully executed uncertified Form ETA-750 in duplicate must accompany the petition. **The job offer portion of the individual labor certification, Schedule A application, or Pilot Program application must demonstrate that the job requires a professional holding an advanced degree or the equivalent or an alien of exceptional ability.**

¹ After March 28, 2005, the correct form to apply for labor certification is the Form ETA 9089.

(Bold emphasis added.) While the director failed to cite this regulation, it provides the legal basis for his ultimate conclusion.

The key to determining the job qualifications is found on Form ETA-750 Part A. This section of the application for alien labor certification, "Offer of Employment," describes the terms and conditions of the job offered. It is important that the ETA-750 be read as a whole. The instructions for the Form ETA 750A, item 14, provide:

Minimum Education, Training, and Experience Required to Perform the Job Duties. Do not duplicate the time requirements. For example, time required in training should not also be listed in education or experience. Indicate whether months or years are required. Do not include restrictive requirements which are not actual business necessities for performance on the job and which would limit consideration of otherwise qualified U.S. workers.

Regarding the minimum level of education and experience required for the proffered position in this matter, Part A of the labor certification reflects the following requirements:

Block 14:

Education: Bachelor (or equivalent)
Major Field of Study: Thermoforming/Extrusion

Experience: 3-5 years in related occupation of Extrusion/Thermoforming
Professional Field.

Block 15: No Other Special Requirements

U.S. Citizenship and Immigration Services (USCIS) may not ignore a term of the labor certification, nor may it impose additional requirements. *See Matter of Silver Dragon Chinese Restaurant*, 19 I&N Dec. 401, 406 (Comm. 1986). *See also, Madany*, 696 F.2d at 1008; *K.R.K. Irvine, Inc.*, 699 F.2d at 1006; *Stewart Infra-Red Commissary of Massachusetts, Inc. v. Coomey*, 661 F.2d 1 (1st Cir. 1981). USCIS must examine "the language of the labor certification job requirements" in order to determine what the job requires. *See generally Madany*, 696 F.2d at 1015. The only rational manner by which USCIS can be expected to interpret the meaning of terms used to describe the requirements of a job in a labor certification is to "examine the certified job offer *exactly* as it is completed by the prospective employer." *Rosedale Linden Park Company v. Smith*, 595 F. Supp. 829, 833 (D.D.C. 1984)(emphasis added). USCIS's interpretation of the job's requirements, as stated on the labor certification must involve "reading and applying *the plain language* of the [labor certification application form]." *Id.* at 834 (emphasis added). USCIS cannot and should not reasonably be expected to look beyond the plain language of the labor certification that DOL has formally issued or otherwise attempt to divine the employer's intentions through some sort of reverse engineering of the labor certification.

On appeal, counsel asserts that the beneficiary's education and experience equate to a bachelor's degree.

The regulation at 8 C.F.R. § 204.5(k)(2) defines an advanced degree as follows:

[A]ny United States academic or professional degree or a foreign equivalent degree above that of baccalaureate. A United States baccalaureate degree followed by at least five years of progressive experience in the specialty shall be considered the equivalent of a master's degree. If a doctoral degree is customarily required by the specialty, the alien must have a United States doctorate degree or a foreign equivalent degree.

Thus, where experience is not a consideration, the minimum education is a U.S. degree above that of a baccalaureate or the foreign equivalent. The petitioner indicated that only a bachelor's degree was required. Thus, the position does not require a member of the professions holding an advanced degree.

The burden of proof in these proceedings rests solely with the petitioner. Section 291 of the Act, 8 U.S.C. § 1361. The petitioner has not met that burden.

This denial is without prejudice to the filing of a new petition under a lesser classification.

ORDER: The appeal is dismissed.
