Perry Rhew  
Chief, Administrative Appeals Office

**DISCUSSION:** The employment-based immigrant visa petition was denied by the Director, Nebraska Service Center, and is now before the Administrative Appeals Office (AAO) on appeal. The appeal will be dismissed.

The petitioner is an investment and management business. It seeks to employ the beneficiary permanently in the United States as an associate project manager pursuant to section 203(b)(2) of the Immigration and Nationality Act (the Act), 8 U.S.C. § 1153(b)(2). The petition is accompanied by a Form ETA 750, Application for Alien Employment Certification, which was certified by the Department of Labor (DOL). The Form ETA 750 indicates in Block 14 that a bachelor's degree in engineering with no experience in the job offered is the minimum qualification for the position.

The director determined that the Form ETA 750 failed to demonstrate that the job requires a professional holding an advanced degree or the equivalent of an alien of exceptional ability and, therefore, the beneficiary cannot be found qualified for classification as a member of the professions holding an advanced degree or an alien of exceptional ability. 8 C.F.R. § 204.5(k)(4). The director denied the petition accordingly.

On appeal, counsel argues that, if classification as an advanced degree professional or alien of exceptional ability was not appropriate in this matter, U.S. Citizenship and Immigration Services (USCIS) should have sent a request for evidence pertaining to this deficiency prior to denying the petition. Counsel claims that the petitioner erroneously checked box "d" on the Form I-140 and that it intended on requesting classification as a professional or skilled worker pursuant to section 203(b)(3)(A), 8 U.S.C. § 1153(b)(3)(A), by checking box "e."

The record shows that the appeal is properly filed and timely. The procedural history in this case is documented by the record and incorporated into the decision. Further elaboration of the procedural history will be made only as necessary.

In pertinent part, section 203(b)(2) of the Act provides immigrant classification to members of the professions holding advanced degrees or their equivalent and whose services are sought by an employer in the United States. An advanced degree is a United States academic or professional degree or a foreign equivalent degree above the baccalaureate level. 8 C.F.R. § 204.5(k)(2). The regulation further states: "A United States baccalaureate degree or a foreign equivalent degree followed by at least five years of progressive experience in the specialty shall be considered the equivalent of a master's degree. If a doctoral degree is customarily required by the specialty, the alien must have a United States doctorate or a foreign equivalent degree." *Id.*

Section 203(b)(2) of the Act also includes aliens "who because of their exceptional ability in the sciences, arts or business, will substantially benefit prospectively the national economy, cultural or educational interests, or welfare of the United States." The regulation at 8 C.F.R. § 204.5(k)(2) defines "exceptional ability" as "a degree of expertise significantly above that ordinarily encountered."

Here, the Form I-140 was filed on January 12, 2007. On Part 2.d. of the Form I-140, the petitioner indicated that it was filing the petition for a member of the professions holding an advanced degree or an alien of exceptional ability.

The AAO maintains plenary power to review each appeal on a *de novo* basis. 5 U.S.C. § 557(b); *see also Janka v. U.S. Dept. of Transp., NTSB*, 925 F.2d 1147, 1149 (9th Cir. 1991). The AAO's *de novo* authority has been long recognized by the federal courts. *See, e.g. Dor v. INS*, 891 F.2d 997, 1002 n. 9 (2d Cir. 1989). The AAO considers all pertinent evidence in the record, including new evidence properly submitted upon appeal.

The regulation at 8 C.F.R. § 204.5(k)(4) states in pertinent part that "[t]he job offer portion of an individual labor certification, Schedule A application, or Pilot Program application must demonstrate that the job requires a professional holding an advanced degree or the equivalent of an alien of exceptional ability."

In this case, the job offer portion of the Form ETA 750 indicates that a bachelor's degree in engineering with no experience in the job offered is the minimum qualification for the position. Accordingly, the job offer portion of the Form ETA 750 does not require a professional holding an advanced degree or the equivalent of an alien of exceptional ability. However, the petitioner requested classification as a member of the professions holding an advanced degree or an alien of exceptional ability and attempted to change this request to that of a skilled worker or professional on appeal. A petitioner may not make material changes to a petition in an effort to make a deficient petition conform to USCIS requirements. *See Matter of Izummi*, 22 I&N Dec. 169, 176 (Assoc. Comm. 1988). In this matter, the appropriate remedy would be to file another petition with the proper fee and required documentation. It is further noted that the director was not obligated to request additional evidence before denying the instant petition as the record contained evidence of ineligibility, i.e., a certified Form ETA 750 which contained a job offer that does not require a professional holding an advanced degree or the equivalent of an alien of exceptional ability. *See* 8 C.F.R. § 103.2(b) (2007).

The evidence submitted does not establish that the Form ETA 750 requires a professional holding an advanced degree or the equivalent of an alien of exceptional ability, and the appeal must be dismissed.

Furthermore, beyond the decision of the director, the record is devoid of evidence establishing that the petitioner has the ability to pay the proffered wage. 8 C.F.R. § 204.5(g)(2). Going on record without supporting documentary evidence is not sufficient for purposes of meeting the burden of proof in these proceedings. *Matter of Soffici*, 22 I&N Dec. 158, 165 (Comm. 1998) (citing *Matter of Treasure Craft of California*, 14 I&N Dec. 190 (Reg. Comm. 1972)). The petition may not be approved for this additional reason.

The burden of proof in these proceedings rests solely with the petitioner. Section 291 of the Act, 8 U.S.C. § 1361. The petitioner has not met that burden.

**ORDER:** The appeal is dismissed.
