Acting Chief, Administrative Appeals Office

DISCUSSION: The application for temporary resident status pursuant to the terms of the settlement agreements reached in *Catholic Social Services, Inc., et al., v. Ridge, et al.*, CIV. NO. S-86-1343-LKK (E.D. Cal) January 23, 2004, and *Felicity Mary Newman, et al., v. United States Immigration and Citizenship Services, et al.*, CIV. NO. 87-4757-WDK (C.D. Cal) February 17, 2004 (CSS/Newman Settlement Agreements), was denied by the Director, New York. That decision is now before the Administrative Appeals Office on appeal. The appeal will be dismissed.

The director denied the application because the applicant did not establish that he continuously resided in the United States for the duration of the requisite period. Specifically, the director noted that the applicant was notified of the United States Citizenship and Immigration Services (USCIS) intent to deny his application on March 8, 2006. The director noted that the applicant responded to the Notice Of Intent To Deny (NOID) but that the response did not overcome the reasons set forth for denial in the NOID. The director noted that the applicant did not travel outside the United States during the requisite period, and that the affidavits submitted by the applicant did not establish the applicant's residency during the requisite period.

On appeal, the applicant states that he is eligible for the immigration benefit sought, and that the statements in his Form I-687 are true.

As stated in 8 C.F.R. § 103.3(a)(3)(iv), any appeal that fails to state the reason for appeal, or is patently frivolous, will be summarily dismissed.

A review of the decision reveals that the director accurately set forth a legitimate basis for denial of the application. The applicant did not specifically address the basis of the director's denial nor did he present additional evidence in support of the appeal. The appeal must therefore be summarily dismissed.

ORDER: The appeal is dismissed. This decision constitutes a final notice of ineligibility.
