Geography of the United States

The United States is the third largest country in the world.

It is in North America between the Atlantic and Pacific Oceans.

The geography of the United States has a lot of variety.

There are mountains, lakes, rivers, deserts, and islands.

There are 50 states and 5 major territories in the United States.

Each state and territory has its own capital.

The capital of my state is _________________.

The capital of the United States is _________________, ______.

Look at the map on page 2.

Label Washington, D.C.

Label your state and your state capital.

The Western Hemisphere.
Write these places on the map.

- Atlantic Ocean
- Pacific Ocean
- United States
- Mexico
- Canada
- Great Lakes

Lakes, Rivers, and Oceans

Water is very important for transportation, power, food, and tourism.

Many large U.S. cities are near water.

For example, Chicago and Detroit are near the Great Lakes.

The five Great Lakes are in the northern part of the United States.

The Atlantic Ocean is on the East Coast of the United States.

Puerto Rico is in the Atlantic Ocean. It is one of the U.S. territories.

The Pacific Ocean is on the West Coast of the United States.

The state of Hawaii is in the Pacific Ocean.

The Mississippi River and the Missouri River are the two longest rivers in the United States.

These rivers flow through the middle of the country.

What lake, river, or ocean is near you?
